

# MICROFOSSIL ART

Grades TK-8

## MAKE MICROFOSSIL ART

Students make artwork of their favorite microfossil.

### STEM TIME

40-60 min

#### Materials:

- microfossils
- paper
- paint
- pastels
- markers
- etc.

#### Microfossil art

Students get to choose their favorite fossil and will make a piece of art of that fossil.

#### Instructions:

1. Set out microfossils and art materials for the students to make their creation.
2. Allow them to have a fun time making their artwork.
3. Encourage the students to be detailed in their work.
