

# SPACE ROCKET SNACKS

Grades TK-8

## MAKE A SPACE THEMED SNACK

Students make a delicious rocket snack, and play a fun game!

### STEM TIME

20-30 min

#### Materials:

- wooden skewers
- strawberries
- bananas
- grapes
- marshmallows
- etc. - your choice of fruit

### Space rocket snack

Say: "This month we have learned so much about space, and we have had a lot of fun doing space-themed crafts and activities! What are some things you have learned during space month? What were some of your favorite activities? To wrap up the month, we are going to make a yummy space rocket snack, and play a fun game!"

#### Instructions:

1. Provide each student with a paper plate, wooden skewers, fruit, and marshmallows, or set out the supplies at a table, and call students up in smaller groups to come get their supplies.
2. Instruct the students to make rockets using the provided food!
3. Enjoy!
