

FARMER'S MARKET

Grades K-3/4-8

PREPARE FOR THE FARMER'S MARKET

K-8: Students will spend the day making their products and setting up their stands for day one of the Farmer's Market!

HEI!

5 min

SNACK / FREEPLAY

30 min

STORY TIME

15 min

STEM TIME

50 min

Materials:

-  Supplies (see Product Guide)
-  Finished products
-  Business stands
-  Supplies for Farmer's Market

Hei is Norwegian for hello! (Pronounced exactly like Hi)

Greet your students. Be friendly. Use their name, ask a question, give a high five, or a thumbs-up! Take roll. Mark down which students took a snack and tally the snacks given out.

Enjoy free play:

Students enjoy playing outside and eating their snacks.

Read the story:

Read to your students outside as they sit in a circle. Older students may choose to read their own books during this time.

Grades K-8: Make your product, and set up stands

Say: "Today we will be having our long awaited Farmer's Market! Each of you have done a wonderful job with preparing your products and stands! You have worked hard, and now you get to open your business!"

K-8 Instructions:

The Farmer's Market will take place around the time that the parents pick-up at the end of the day.

1. Have your students get into their business groups. Today, the groups that are selling food products will get to prepare those products.
2. Invite the students to come choose the materials they will need to make their food or craft products.
3. They will follow the instructions on the Product Guide, and watch the suggested videos if they need help making the crafts. Encourage them to add a special spin on their product that they have chosen to make.
4. Choose a spot, such as near where the parents pick-up, or in an open area to set up the Farmers Market. Leave enough time for the students to set up their Farmer's Market business stands!
5. If needed, help the students bring their products and other supplies out to their stands.
6. Have a great time with the Farmer's Market!

*Optional- Play some fun music at the Farmer's Market

SPORTS / GAMES

25 min

Materials:

-  Large rubber ball
-  Bases

*Older students may practice their sport if they don't want to play the game.

Kickball

Instructions- In a large field, set up the bases in a baseball diamond form. There will be a first, second, and third base, as well as a home base. There should be about 60 ft. between each base. Organize the players into two teams. One team will be out in the field with one player at each base, and the others spread out in different positions. The other team will line up to kick. To play, the pitcher will roll the ball to the kicker, who will be standing at the home plate. If the kicker gets three strikes or four fouls, they are out. If they are able to kick the ball into the field, they can then run to first base. The team in the field will run and get the ball and can get the kicker out in three ways. One, by catching the ball in the air when it is kicked. Two, by throwing the ball to first base-player and then having them touch the plate before the kicker gets to the plate. Three, by tagging the kicker with the ball, below the head. The kicking team scores a point with every home-run they get. They can get a home-run when a kicker makes it through all of the bases and back to the home plate. When the kicking team has three out, this is half an inning. At this point the teams will switch places. The game can go on for as many innings as the STEM Coach chooses. The team with the most points at the end of the game wins.

HOMEWORK / FREE PLAY

20 min

Instructions:

Allow your students some homework time. If they need help let them know you can help them. If they do not have any homework they can have some reading time, or they can have free time to go outside and play.

CLEAN UP / DISMISSAL

5 min

Clean up/pack up/dismissal

Clean up, pack up and head home.
