

## Model a map with salt dough

Model a landscape from modeling clay or salt dough. Be sure to make different shapes of land and bodies of water.

### What you'll need:

- salt dough
- a paper plate

### What you'll do:

1. Shape your dough into landforms and bodies of water.
2. Put your land and water features on your paper plate to make a landscape.
3. Model a pirate treasure chest from dough and hide your treasure somewhere in your landscape.
4. Label your land and water features.
