Dear Parent,

Start by reading this book to your child. Later, point to a word and have your child tell you the sound of the first letter of the word. Have your child try reading one word on the page. Soon they will be ready to try reading a whole page.

Aloha,

Beth and Jake

# Bird Feet and Beaks

Feet for walking  
in the mud

Feet for  
perching

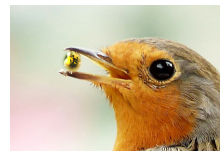

Feet for  
climbing

Feet for  
swimming

A beak for  
sipping nectar

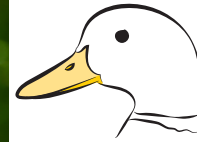

A beak for  
catching insects

A beak for  
cracking seeds

A beak for many  
things.

A bill can skim  
food floating  
on water

Soral y su amiga Gophie aman los pájaros.  
Cuando sea mayor, Soral quiere estudiar las  
aves.

Soral and her friend Gophie love birds. When she  
grows up, Soral wants to study birds.

Soral va a sacar alpiste. Ella observará y verá  
qué pájaros vienen a comer.

Soral is going to put out bird seed. She will watch and  
see what birds come to eat.

Soral se divierte poniendo alpiste en el jardín para comenzar su experimento.

Soral has fun putting bird seed out in the yard to start her experiment.

Aún no hay pájaros. Soral sabe que debe esperar a que los pájaros encuentren sus semillas.

There are no birds yet. Soral knows she must wait for the birds to find her seeds.

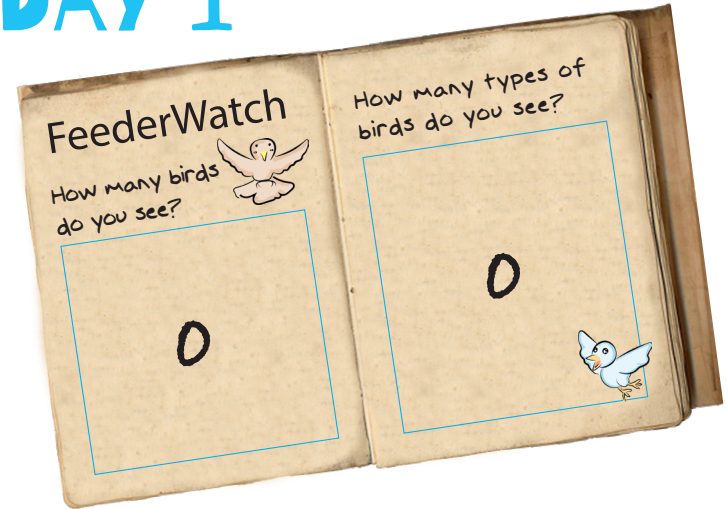

El primer día de observación de aves, Soral no ve aves. Está triste, pero mamá dice que esperemos y le demos más tiempo.

On the first day of bird watching, Soral sees no birds. She is sad, but Mom says to wait and give it more time.

Soral escribe un cero en su libro porque hoy no vio ningún pájaro en su comedero.

## DAY 1

Soral writes a zero in her book because she did not see any birds at her feeder today.

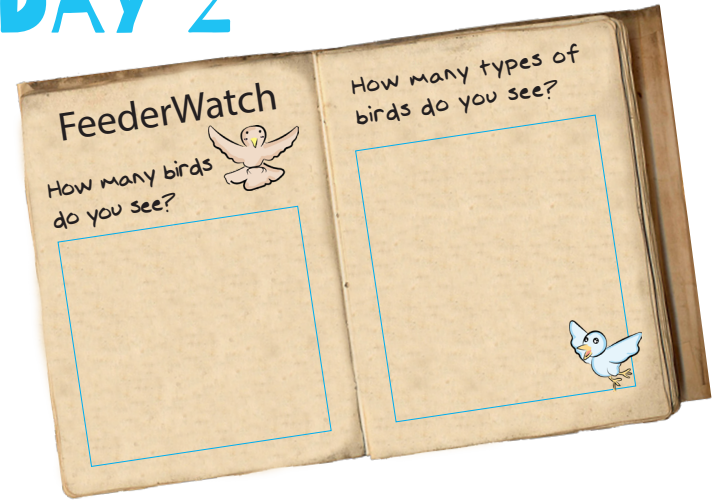

Al día siguiente, Soral ve pequeños pájaros marrones comiendo sus semillas. ¡Ella está emocionada! Ella corre a buscar su diario.

The next day, Soral sees little brown birds eating her seeds. She is excited! She runs to get her journal.

Ayuda a Soral a contar los pájaros y escribir el número en su diario.

## DAY 2

Help Soral count the birds and write the number in her journal.

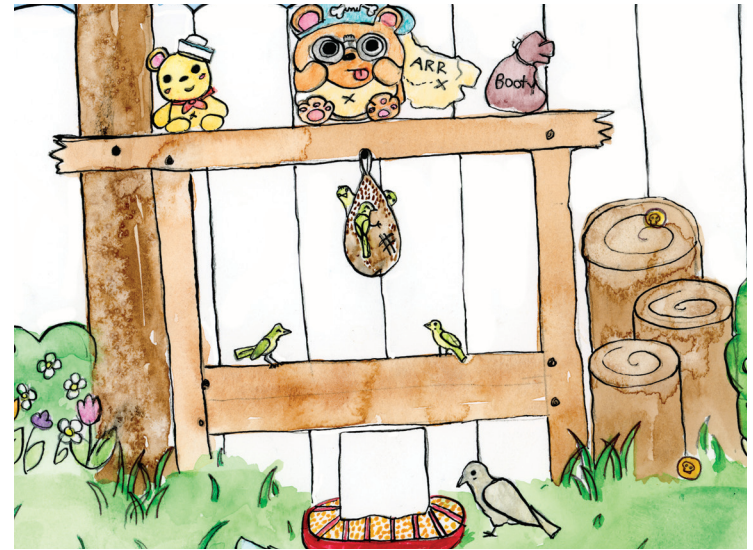

Gophie ayuda al día siguiente. ¡Ve muchos pájaros nuevos en el comedero!

DAY 3

Gophie helps the next day. He sees lots of new birds at the feeder!

Al día siguiente, Gophie también ayuda. ¡Ve muchos pájaros nuevos en el comedero!

The next day, Gophie helps too. He sees lots of new birds at the feeder!

¡Cada vez vienen más pájaros! ¿Puedes decir qué pájaros no han estado aquí antes?

More and more birds come! Can you tell which birds have not been here before?

Ayuda a Soral a ser un científico cuidadoso y registra los pájaros que vinieron hoy.

## DAY 4

Help Soral be a careful scientist and record the birds that came today.

¡Oh, no! Hay hormigas en el comedero de colibríes. Soral debe ayudar al colibrí para que pueda conseguir su alimento.

Oh no! There are ants at the hummingbird feeder. Soral must help the hummingbird so that it can get its food.

Soral limpia el comedero y lo traslada a una nueva rama de árbol donde las hormigas no puedan encontrarlo.

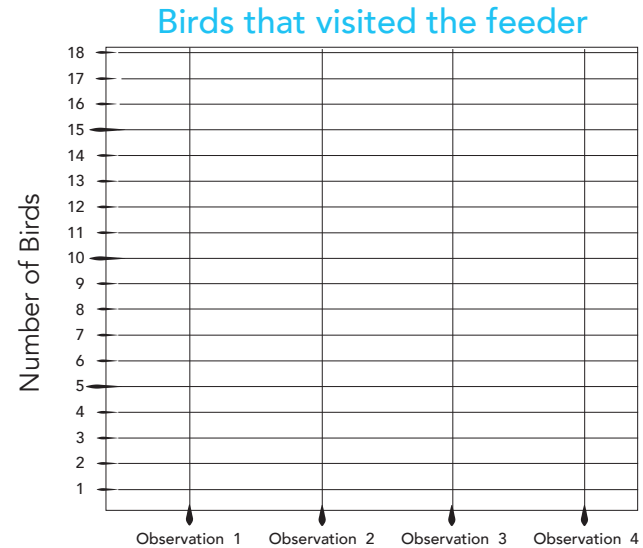

Soral cleans the feeder and moves it to a new tree branch where the ants can not find it.

Ahora Soral está haciendo una gráfica de los pájaros que vinieron cada día. Hacer gráficos es divertido, ¡pero no te comas los gráficos, Gophie!

Now, Soral is making a graph of the birds that came each day. Graphing is fun, but don't eat the graphs, Gophie!

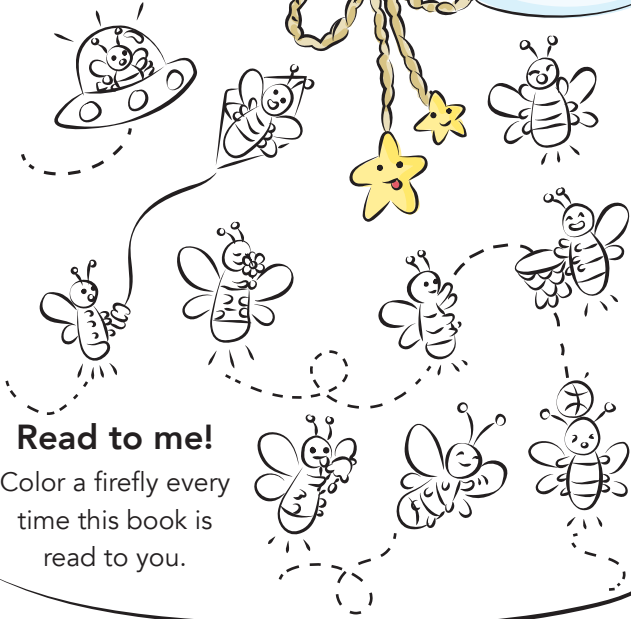

¿Puedes ayudar a hacer una gráfica de las aves que visitaron el comedero de Soral?

Can you help make a graph of the birds that visited Soral's feeder?

# FIREFLY

Reading Chart

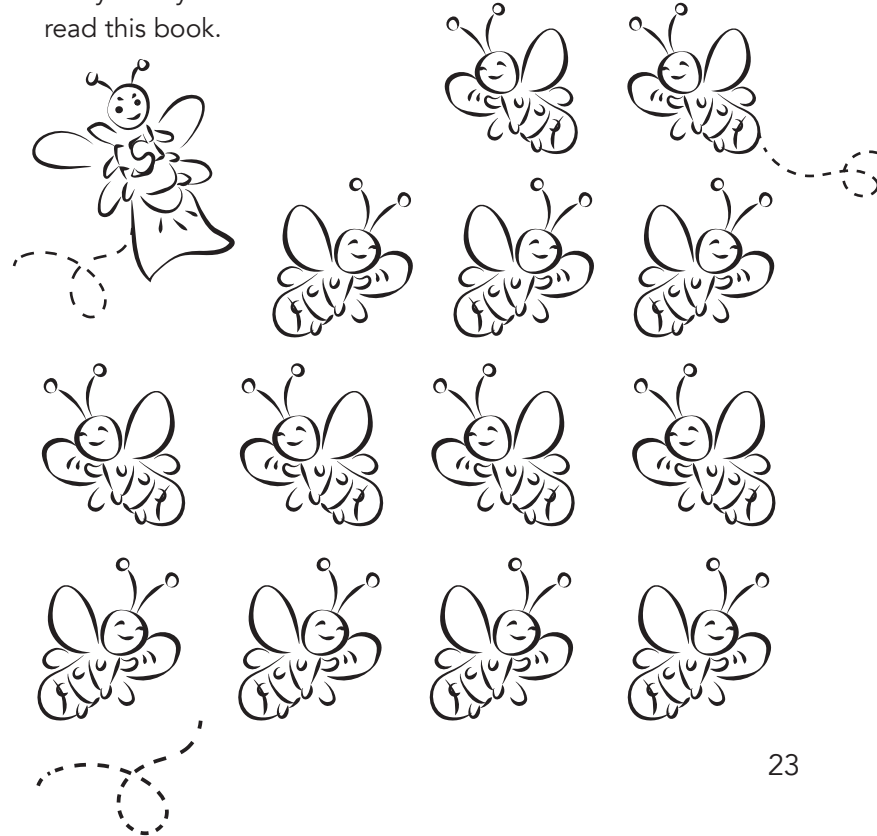

**Read to me!**

Color a firefly every  
time this book is  
read to you.

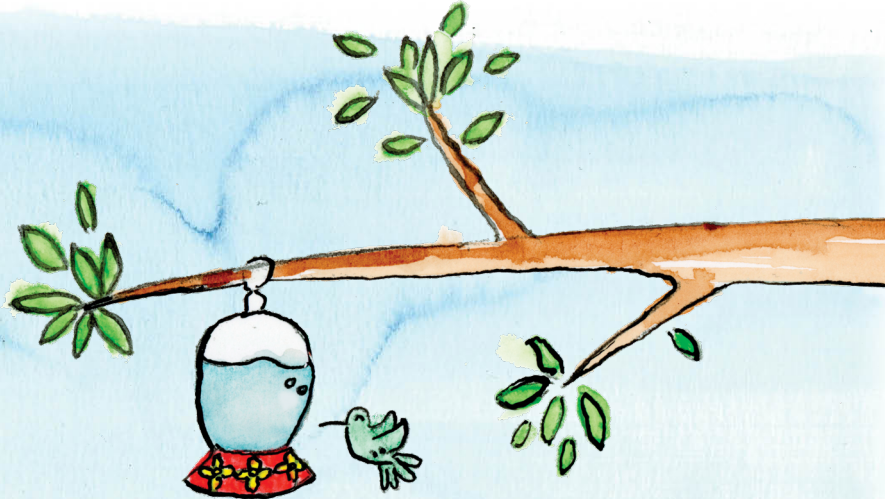

**I can read!**

Color one firefly  
every time you  
read this book.
