Artwork by Bella Hunter, Beth Hunter, and Jake Hunter.

1-PS4-3 Waves and Their Applications in Technologies for Information Transfer: Plan and conduct investigations to determine the effect of placing objects made with different materials in the path of a beam of light.
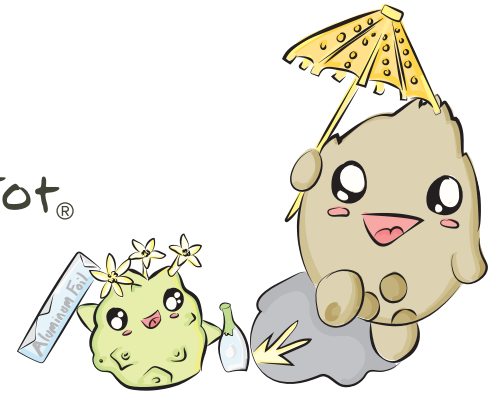

II

Dear Parent,

Help your child develop a lifelong love for books and reading. As you read with them, they will associate reading with positive experiences, enjoyment, and relaxation.

Aloha,

Beth and Jake

Explore Light

Transparent
All light shines through.

Opaque
No light shines through.

Translucent
Some light shines through.

Reflective
All light bounces off.

Rosa corrió por el parque. Vio su sombra correr con ella.

Rosa ran in the park. She saw her shadow run with her.

Rosa le dio un nombre a su sombra. Ella lo llamó Joey.

Rosa gave her shadow a name. She named it Joey.

Más tarde ese día, Rosa vio que su sombra se alargaba.

Later in the day, Rosa saw her shadow get longer.

"¿Cómo hiciste eso?" –Preguntó Rosa.
"¡El Sol me hace crecer!" dijo su sombra.

"How did you do that?" Rosa asked.
"The Sun makes me grow!" said her shadow.

Joey y Rosa fueron a ver los colores creados por el sol brillando en las ventanas de colores.

Joey and Rosa went to see colors made by the Sun shining in colored windows.

Rosa se divirtió con su nuevo amigo Joey. Se alegró de que se conocieran.

Rosa had fun with her new friend Joey. She was glad that they met.

¿Puedes encontrar tu sombra? ¿Cómo le llamarás?

Can you find your shadow? What will you name it?
