Dear Parent,

At kindergarten, plan to spend 20 minutes reading aloud to your child daily. At 1st and 2nd grade, stretch the time to 30 minutes. In this way you can spend quality time with your child that will give them a great head start in life.

Aloha,

Beth and Jake

Meet Samantha and her friends

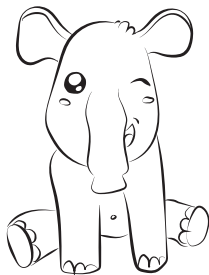

This is Samantha sloth.

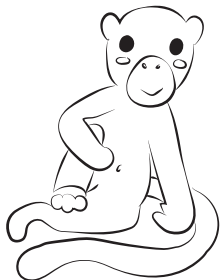

This is a hummingbird.

This is a tapir.

This is a spider monkey.

This is a tree frog.

Samantha is a baby sloth. She lives in a tree with her mom. One day, Samantha fell out of her tree! Oh no! Samantha is lost.

A kind hummingbird saw her on the ground.
"What does your mom look like?" it asked.
"She has brown hair like me," said Samantha.
Off the bird went.

Soon, the hummingbird was back with a spider monkey. "Is this your mom?" it asked. "No," Samantha told her. "My mom has three toes like me." Again, off the bird went.

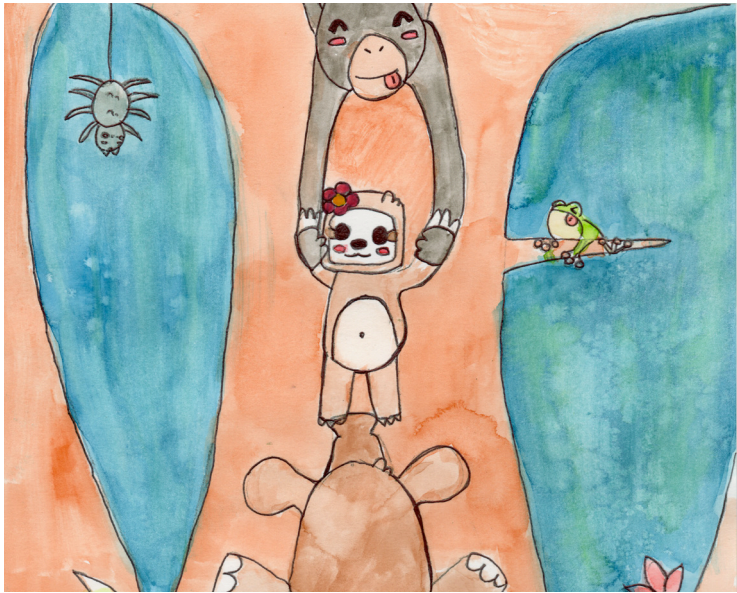

Next, the hummingbird had a tapir. "Is this your mommy?" it asked.

"No," said Samantha, "My mommy has a short tail like me." Off the bird went.

Then, the hummingbird was back with a tree frog. "Is this your mommy?"

"No," said Samantha, "My mommy looks a lot like me. She moves slowly just like I do."

The hummingbird saw Samantha's mommy. She was up in the tree and was moving slowly just like Samantha. Samantha's new friends helped her up the tree.

With the help of her friends, Samantha was back with her mommy at last.

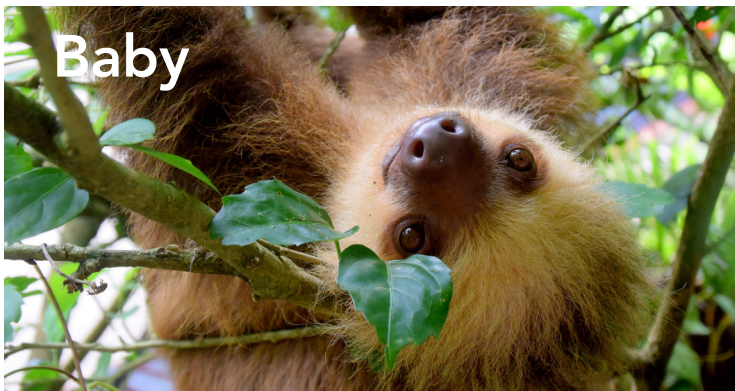

“Thank you for finding my mommy!” she said with a smile.
